

NATURAL MOTION MEETS INGENUITY.

Every aspect of our fitness equipment is made to mirror human movement — fluid, natural, and familiar. Intuitive engineering and thoughtful design offer an invigorating workout that helps users keep moving. Arising from our heritage of providing quality fitness solutions that work, Precor fitness equipment keeps your users satisfied no matter what their goal. Precor inspires a life in motion.

Easy to use. Precor products are designed for ease-of-use, with intuitive displays that help users get on and get going.

Premium elliptical crosstrainer offers the best of both worlds. Users enjoy additional variety with the ability to adjust incline and resistance while exercising lower- and upper-body muscle groups.

Committed to excellence. For 25 years Precor has been a leader in the fitness industry, delivering breakthrough innovations and premium quality products for the home and club.

EFX[®]576i

ELLIPTICAL FITNESS CROSSTRAINER

COMMERCIAL/

EFX 576i

COMMERCIAL ELLIPTICAL FITNESS CROSSTRAINER

PRECOR

1/ The best of both worlds

The CrossRamp® combines with Total Body for a more effective workout. Working out on an EFX yields significantly more glute and quad activity than using a stairclimber, cycle, or treadmill.*

2/ CrossRamp technology

Users can select a ramp angle between 15 and 40 degrees throughout the workout to isolate and cross train quadriceps, glutes, hamstrings, and calves. Stride lengths vary along the incline, from 21.2 in to 24.7 in, for a smooth, comfortable workout.

3/ Fully integrated entertainment options

Fully integrated Cardio Theater® design, with personal viewing screens or ambient viewing, enhances the member experience by offering a more seamless, premium look to your cardio area.

4/ Direct access to 14 programs

Six buttons are the gateway to 14 preset programs, including one fitness test. Users can select or change to a new program at any time during their workout.

5/ Tap Control™

Large buttons provide satisfying tactile response and audible click. Beginners and experts alike easily get on and go with this intuitive control. Users know the machine has received input, even when using headphones for entertainment.

PRODUCT SPECIFICATIONS

Length	80 in (203 cm)
Width	32 in (81 cm)
Height	68 in (173 cm), with PVS 84 in (213 cm)
Weight	338 lbs (153 kg)
Shipping Weight	443 lbs (201 kg)
Power	Self
CrossRamp	15–40 degrees (adjustable)
Stride Length	21.2 in (54 cm) to 24.7 in (63 cm)
